

HSGM

HEAT-CUTTERS

Type HSG-0

Handoperated tool to cut small quantities, recommended for short-time operation only. Suitable to cut and seal the edges of synthetic fabric, such as cords, ropes, bands and belting fabric. Heat up time of blades approx 6-8 seconds. Heat may be controlled by switching tool on and off.

Technical Description:

Supply voltage: 230 V - 50 Hz (110 V - 60 Hz)
Power input: 60 Watt
Short time operation
Protective insulation
2 m electric cord with 2-pin straight plug
Weight: 1,0 kg

Basic Kit:

HSG-0
Operating instructions with EC Declaration of Conformity
Blades not included

Practicable blades: Leaflet "Heat-Cutters", pages 6+7.

Optional accessory: Cutting foot Type SF

If the tool is fitted with cutting foot SF and blade type R, synthetic fabric can be separated without using a cutting surface. This combined tool is especially effective when cutting large sized cloth such as sail cloth, awnings and filter cloth.

The tools models HSG-1-VW, HSG-03-VW and HSG-3-VW are equipped with blade holder type M. This blade holder can be fitted with an angle to hold cutting foot type SFW as well.

Technical Description:

As type HSG-0, still weight: 1,1 kg.

Practicable blade: Cutting blade type R
