

HSGM

HEAT-CUTTERS

Type HSG-00

Smallest available unit, suitable for continuous operation with fixed blade (working range 30 mm) for quick and clean cutting and sealing of very fine cords and bands. With this tool cords of up to 5 mm diameter can be sealed together into endless-cords.

Technical Description:

Supply voltage: 230V - 50Hz (115V - 60Hz)
Power input: 40W
Continuous operation
Rocker switch with indicator lamp
Class I protection
Supply cord 2m, with European-type plug (US-type plug).
Dimension: 90 x 165 x 80 (120) mm
Weight: 1,6 kg (3.5lbs)

Basic Kit:

HSG-00 with blade band 1 = 54 mm (= 30 mm working area)
Operating instructions with declaration of conformity

Type HSG-00-VW

A unit such as the HSG-00, however, with a blade of 88 mm = 60 mm working area and an **adjustable** working temperature.

Technical Description:

Supply voltage: 230V - 50Hz (115V - 60Hz)
Power input: max. 140W
Continuous operation
Rocker switch with indicator lamp
Class I protection
Supply cord 2m, with European-type plug (US-type plug).
Dimension: 155 x 235 x 130 (200) mm
Weight: 4,8 kg (10.5lbs)

Basic Kit:

HSG-00-VW with blade band 2 = 88 mm (= 60 mm working area)
Operating instructions with declaration of conformity
